## P200 Application Tape

A high-quality "general purpose" application tape for sign making featuring medium to high tack rubber based adhesive. Adhesive properties afford clean removability after transfer as well as clean tearing without adhesive stringing. Suitable for pick up and clean transfer of any sized cut vinyl graphic.

### Technical Data: -Type P200 General Purpose Paper Application Tape

<b>Adhesion to Steel:</b>	19 N / 100 mm
<b>Thickness:</b>	106 $\mu$
<b>Tensile Strength:</b>	29.8 N / cm
<b>Elongation:</b>	3-4 %
<b>Adhesive Type:</b>	Natural Rubber
<b>Roll Size:</b>	1220 mm x 100yds (91.4m)

- Consistent quality and performance roll after roll
- Excellent for lifting and transferring graphics of all sizes
